BATHYMETRIC MAP

ALASKA PENINSULA
CHIGNIK

Base map information including bathymetry was compiled by the National Ocean Service (NOS). Bathymetry was compiled from NOS hydrographic surveys supplemented by hydrographic information from other sources (see index). NOS Hydrographic survey data compiled with International Hydrographic Organization (IHO) Publication 44 accuracy standards or those used at the time of the surveys. This information is not intended for navigation purposes.

Universal Transverse Mercator Grid, Zone 6 (1000 meter ticks) (—) are shown inside the chart.

Offshore protection survey data, shown in red, compiled by the Minerals Management Service. Policy lines indicate limits of MMS Outer Continental Shelf Oil and Gas Production Diagram. The boundaries on the map are not for Federal Leasing purposes; for such purposes refer to the OCS Oil and Gas Production Diagram available from the Minerals Management Service.
